

7.3 Institutional Distinctiveness (Session: 2019-2020)

Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust

Response: *To promote and cultivate the culture of creative writing among the students of the college an initiative is taken by the college administration. The administration regularly publishes the college souvenir, i.e. college magazine 'Nishigandha' every year. Our students are mostly from social background and financial weaker section. They are very much aware about the rural and village culture and also actively participated in traditional functions. They are very much aware about the Indian traditional culture, and always in search to explore their hidden potential by various means. The college administration makes available the platform to explore their hidden potential. The creative writing is one of the hidden potential for those students who are very much interested to explore their hidden writing skills. For such students, our college formed Editorial Board for publication of the college magazine. From the beginning of the session, the committee invites the students for writing on any subject such as poetry, prose, essay, one act play, skits etc. in Marathi, English and Hindi language, such notices also circulated regularly and displayed on Notice Boards. Before College Annual Day the interested boys and girls writers submit their manuscript to the Concerned Editorial Board. After editing the written script and make it final for publication. Most of the students who really want to explore their hidden potential, help the Editorial Board for collecting and managing the activities throughout the session.*

After editing the Editorial Board sent the manuscript for publication in the printing press. Near about 1000 to 1200 copies are printed out of college magazine, 'Nishigandha'. In the College Annual Day the college magazine is unveiled in Inauguration Function of College Annual Day at the hands of Chairperson of the function. Then it is distributed among the students, intention to distribute the college magazine is to encourage the other students for creative writing or literature. The report of college magazine is also submitted to affiliating Gondwana University each year. In this academic year 2019-20 the first

inspirational award is given to our college magazine, "Nishigandha" by the affiliating university.

It is our small efforts to make available the platform for our students who are very much interested in writing and literature. After all our students are the future of our nation. As our vision and priority is to explore the hidden potential or overall development of the students to face the challenges in future.
